

# Clean Starts Here<sup>®</sup>

## *Disposable Bag Power Units*

Homeowners who are serious about having a cleaner, healthier home with added convenience and value turn to VACUFLO.

VACUFLO Central Vacuums feature powerful suction to remove 100% of vacuumed dirt and dust from your home. This ensures a clean, healthy living environment with improved indoor air quality and reduced allergens.

Today's energy efficient homes are built tighter to lower energy budgets. Exterior wrappings do a good job of insulating the home, but also trap pollutants inside. With a typical vacuum, fine dust particles and bacteria circulate into the home to aggravate allergy and asthma sufferers. When vacuuming with a central vacuum system, you'll never experience the recirculation of dirt and odors. Your home stays clean and fresh while your family stays healthier.

VACUFLO Disposable Bag power units take central vacuum cleaning to the next level by ensuring you never have to touch the dirt, even when the vacuum is full! VACUFLO features durable, triple-layer filter bags that do not let any dust escape. Since the outside of the CleanShield<sup>®</sup> bag is never exposed to dirt, neither are you. Simply remove, seal and replace the bag ensuring the cleanest experience possible.

### **Maximum Power and Performance**

- Eliminates 100% of vacuumed dust and allergens from your home
- Replaceable filtration bag filters particles as small as .3 microns
- Powerful, high-performance motor delivers strong vacuum power
- Lifetime Limited Warranty

## Disposable Bag Power Units

VACUFLO® Disposable Bag central vacs offer a cleaner solution for homeowners by utilizing the CleanShield® replaceable bag. The CleanShield bag collects vacuumed dirt and dust and is easily changed for the ultimate dirtless experience.

Level of Quietness	59.7 dBA	62.6 dBA	67.0 dBA	67.9 dBA	70.0 dBA

Some models feature the **CarbonCapture** filter which captures carbon dust from the motor brushes. This ensures that dust does not escape from the unit, preventing walls from getting dirty in your home.

VACUFLO's CleanShield Filter Bags ensure a dirtless experience for you. The bags are constructed of three layers of quality, cloth filter material. Unlike traditional paper bags, the CleanShield Filter bags don't lose performance as they are filled.
